Dear Jack,

we again received incorrect PN of brakes. (see enclosed photos)

Urgently provide current status of our brakes, and advise when it will be at DXB?

The arrived brakes you can pick up from our facility, please advise your agent details and shipping details (for preparation return shipping docs)

Regards,

Ann

Flight departed. There is no space FRA-DXB

tomorrow. Cargo will be in DXB in Saturday for release. The agent will contact you upon arrival. We got the wire confirmation for the 275k to Bank of America we will advise when received

Sorry for the delays. EK took one freighter offline on the route LAX-DXB now only LH and QR flying and this cargo can only go on a freighter. We also had a wood crate issue at export but resolved that as there was not a wood stamp on one

We apologize for the inconvenience but cargo en route.

Hi Anna

Tomorrow is the first business day after easter, we are trying to get a team member to go and take pictures before release to airline, we are also waiting for AWB from freight forwarder. Easter weekend delayed everything. Do you know if second payment cleared your end? We are still waiting for it
